**14633 El Molino Street**  
**Fontana, CA 92335**  
[www.nbtmachining.com](http://www.nbtmachining.com)

March 23, 2020

To our Valued NBT Machining Customers and Vendors:

As a primary manufacturing supplier to multiple industries, including the Packaging Industry and Government Defense, NBT Machining has been designated as an essential manufacturer to these Industries. This designation provides for our facility to remain open and to conduct business in the state of California while the current mandate is in place.

While following health guidelines as set by the CDC, the NBT Machining workforce will continue to cover the customer service phones, emails, conduct manufacturing operations, and pack/ship products. Our goal is to achieve as little disruption as possible and keep you, our valued customer, up and running.

We take pride in being able to support you and our nation's manufacturers as they strive to provide the products necessary to see us through this current situation.

Sincerely,

Teddy M. Rawson – President  
NBT Machining, Inc.
